UNDERTAKING

To provide advanced learning and acquaintance in engineering and technology our Institute has a "provision to watch MOOCs courses through SWAYAM" (Study Webs of Active Learning for Young Aspiring Minds) – Ministry of Human Resource Development, Government of India initiative – Massive Open Online courses (MOOCs) – SWAYAM/NPTEL.

The National Programme on Technology Enhanced Learning (NPTEL) is a project initiated and handled by seven Indian Institutes of Technology (IIT-Bombay, Delhi, Kanpur, Kharagpur, Madras, Roorkee, and Guwahati) and Indian Institute of Science, Bangalore. It is a project funded by MHRD, Government of India, to develop and promote multimedia and web technology-based learning open for all. Currently, more than 1200 courses are available on the web portal <http://nptel.ac.in> for viewing and downloading. NPTEL has also initiated open online courses with certification where courses in different domains are regularly launched. Interested students can enroll in the courses at <http://onlinecourses.nptel.ac.in>. At the end of the course a certification exam (optional) is held on specific dates at specific centers. A certificate from IIT is awarded to those who register and appear for the examination. These exams have nominal fees with a facility of scholarship and partial fee waiver for SC/ST candidates. The college has a complete series of video lectures available from NPTEL. Some notable MOOCs providers:
