GYAN SAGAR COLLEGE OF ENGINEERING
New Scheme Based On AICTE Flexible Curricula
Electrical & Electronics Engineering, VII-Semester

Electrical CAD Lab

LIST OF EXPERIMENTS

1. Computer Program for Optimal Design of dc machine.

2. Computer Program in for Complete Design of core type power Transformer.

3. Computer Program for Complete Design of salient pole Alternator.

4. Computer Program for Optimal Design of cage rotor.

5. Computer Program for Optimal Design of slip ring induction motor.
